Miami Man Seeks Public Service Commission Job

Dade County Metro Commissioner Joe Boyd this week announces his candidacy for a seat on the Public Service Commission. Mr. Boyd will run in the group now represented by Jerry Carter. Mr. Boyd's official announcement follows:

I respectfully announce that I shall be a candidate for the office of Public Service Commissioner, Group Two, of the State of Florida in the May primaries to be held in 1966. It is my feeling that the experience in business, law and government which I have had should qualify me to serve in this office. The rapid growth of Florida makes the duties of the Public Service Commission extremely important.

While serving as a City Attorney and County Commissioner for the

past 14 years, my attendance record has been 99.8 per cent, and I feel that the office of Public Service Commissioner deserves this type of active participation by all members.—JOE BOYD

Movie Producer Is Given Honors

Ivan Tors, head of Ivan Tors Studios in North Miami, was recently elected to the Board of Directors of the World Wildlife Fund, it was announced by the Fund's president, Dr. Ira N. Gabrielson.

Mr. Tors was nominated to the post of director in recognition of his outstanding contribution to conservation and the love of wildlife through his famous TV shows, Flipper (which is filmed in Miami), Sea Hunt and the yet to be released series, Daktari (Swahili for Doctor). The well-known television and motion picture director's movie credits concerned with wildlife and wilderness include Rhino; Clarence The Crosse-eyed Lion; Zebra In The Kitchen and the forthcoming Around The World Under The Sea.

New President Of Fla. Farm Bureau

Clearwater — The final session of the Florida Farm Bureau Federation convention in Clearwater last week also became the end of a 14-year era for President E. H. Finlayson of Greenville, who refused to accept renomination for the job of chief executive of the 33,500 member organization.

Succeeding Finlayson is Art Karst, Vero Beach, president of the Indian River County Farm Bureau and a state representative. He is also a former president of the Orange County Farm Bureau.

Delegates to the convention gave Finlayson a standing ovation for his effective leadership over the past 14 years. Under his leadership, the state's largest single farm organization has grown from 10,000

to the present 33,500 members.

The Farm Bureau representatives also recommended statewide legislation in the form of resolutions to prevent air and water pollution. The resolution on air pollution called for adequate powers to the Florida Air Pollution Control Commission "immediately" in order to prevent "unfolding damages to the human health, natural resources, crops, livestock, wildlife and property of the citizens of the state."

The resolution on water pollution followed much the same terminology.

Why should you buy

U. S. Savings Bonds when there are
so many other good investments?

To help your country is one answer—and a good one.

But Bonds have other advantages that make them worth your consideration.

For instance, they offer you just about the easiest way to save money: either with the Payroll Savings Plan where you just ask your employer to put part of your wages aside toward a Bond or through regular purchase of Bonds at your bank.

Another unique advantage of U. S. Savings Bonds is the way they stick with you. You can get your money any time.

But if you're like most people, you'll hang on to your Savings Bonds for the big things you want in your future.

And, of course, Bonds are a safe investment—as long as there's a United States of America.

Which brings us back to your country again. Bonds help defend freedom at a time when the enemies of freedom are stronger than ever.

Buy Savings Bonds. The banks or savings institutions that sell them don't charge you a penny for the service.

Keep freedom in your future with

U. S. SAVINGS BONDS

New $3\frac{3}{4}\%$ interest on U.S. Savings Bonds

The Treasury explains why the new ones you buy and the ones you own now are better than ever

Q: How does the new $3\frac{3}{4}\%$ interest rate benefit me?

A: With Series E Bonds, the rate turns \$18.75 into \$25.00 fourteen months faster than the old rate. Your savings increase faster, because your Bonds mature in just 7 years, 9 months.

With Series H Bonds, the 10-year maturity period stays the same but more interest is paid you each six months. With both E and H Bonds the new rate works out to $2\frac{1}{4}\%$ for the first year and a half; then a guaranteed 4% each year to maturity.

Q: When did the new rate become effective?

A: June 1, 1959.

Q: Does the new rate change the Bonds I bought before June 1, 1959?

A: All older E and H Bonds pay more now—an extra $\frac{1}{4}\%$ from now on, when held to maturity. The increase takes effect in the first full interest period after June 1.

Q: Will the Bonds I own automatically earn their new rate?

A: Yes. You don't need to do a thing—just hold on to your Bonds.

Q: When my E Bonds mature, will they keep on earning interest?

A: Yes. An automatic 10-year extension privilege went into effect along with the new interest rate. This means your E Bonds will automatically keep earning interest after maturity.

Q: With the new interest rate, should I cash in my old Bonds and buy new ones?

A: No. The automatic $\frac{1}{4}\%$ increase makes it unnecessary—and in almost every case it is to your advantage to retain your present Bonds.

Q: How are series H Bonds different from series E Bonds?

A: The chief difference is this: You buy H Bonds at full face value and the interest is paid by Treasury

check every six months for the life of the Bond. You buy E Bonds at 75% of face value and the interest accumulates to maturity. H Bonds provide income for living expenses, while E Bonds build a nest egg for the future. That's why many retired people hold H Bonds and families saving for, say, a child's education, buy E Bonds.

Q: In what denominations can I buy series E and series H Bonds?

A: E Bonds: \$25 (cost \$18.75), \$50 (cost \$37.50), \$100 (cost \$75.00), \$200 (cost \$150.00), \$500 (cost \$375.00), \$1,000 (cost \$750.00), \$10,000 (cost \$7,500.00).

H Bonds: \$500, \$1,000, \$5,000, and \$10,000. They are priced at face value.

Q: How safe are U.S. Savings Bonds?

A: Savings Bonds are an absolutely riskless way to save. The United States Government guarantees the cash value of your Bonds will not drop, that it can only grow.

Q: What if my Bonds should be lost, stolen or destroyed?

A: You can't lose. Every Bond purchased is recorded by the Treasury. If anything happens to your Bonds they are replaced—free.

Q: Where can I buy Bonds?

A: Buy E Bonds at any bank—it takes only a few minutes. Buy them automatically through the Payroll Savings Plan where you work. This Plan means you can have any amount you want automatically deducted every payday. The Bonds you buy by installments are delivered to you automatically, too. Your bank will take your order for H Bonds.

Q: How do I help strengthen America's peace power when I buy U.S. Savings Bonds?

A: Peace costs money—money for military strength and for science. And money saved by individuals helps keep our economy sound.

YOU SAVE MORE THAN MONEY WITH

Miss Faith Sasser Married John C. Saceman, Jr., Nov 20

The marriage of Miss Faith Sasser of Pahokee and John C. Saceman, Jr., of Lake Placid was solemnized in an impressive candle-light ceremony held in the First Methodist Church at Pahokee Saturday, Nov. 20, at 8 p.m.

The couple repeated their vows after Rev. William Goffield, pastor of the Lake Placid First Methodist Church, as they stood before an altar decorated with two large floor baskets of white mums and iceberg pompoms, and lighted with cathedral tapers in two 15-branched and one 23-branched tree candelabra trimmed with smilax. Potted palms flanked the kneeling bride. Entrance to the pews reserved for relatives was lighted with candelabra and marked with smilax.

The bride is the daughter of Paul Sasser, 265 Parkway Manor, and Mrs. Doris P. Sasser, 160 Elm Ave., Pahokee. A graduate of Pahokee High School, she received a BS Degree in Business Administration from Stetson University, DeLand, in 1964. She was a member of Delta Delta Sorority while at Stetson, and after receiving her degree, was employed until recently as assistant manager in the book department at Rich's, Inc., Atlanta, Ga.

The program of nuptial music was presented by Mrs. Hugh Branch, vocal soloist, and Mrs. Donald Thompson, organist.

Given in marriage by her father, the bride was radiantly lovely in a gown of white satin and peau d'ange lace. The fitted bodice featured a scoop neckline and had long sleeves ending in points over the hands. Appliques of peau d'ange lace adorned the bodice. The controlled skirt was fashioned with appliques of lace, with side and back fullness forming a chapel train, which was circled with a wide band of lace. Her tiered veil of imported silk illusion fell from a pill box of lace encrusted with seed pearls and crystals. She carried a white prayer book centered with a white cattleya orchid and cascading white tiera roses.

Mrs. Penny Clark, sister of the bride, was matron of honor. Bridesmaids were Miss Cyndy Friend, Lake Park; Miss Sandra Ivey, Atlanta, Ga.; Miss Diana Kunze, Atlanta, Ga.; Mrs. James Chaplin, St. Petersburg; Miss Mary Ann Ulmer, Miami; and Miss Cynthia Turbeville, Canal Point.

The bride's attendants were gowned alike in floor-length dresses of velvet and crepe. The royal velvet bodice of each featured a scoop neckline and elbow-length sleeves. The controlled skirt of beige crepe was slightly gathered at the high-rise waistline with a flat tailored bow. As headpieces they wore matching velvet bows with bouffant veils, and carried arm cresents of white and Frenched California mums.

Kimberly Branch, daughter of Mr. and Mrs. Hugh Branch, as flower girl carried a white pearlized basket of white rose petals. Johnny Robert Tucker, III, of Fort Myers, godson of the bride, was ring bearer.

Don Saceman of Asheville, N. C. served as his brother's best man.

Ushers were Jack Scarborough, Michael Yusko, Charles Reynolds, Douglas Tuck and Frank Ruttinger, Jr., all of Lake Placid, and Gary Clark, James Paul Sasser, brother of the bride, and John Phillips of Fairfax, S. C., her cousin, were junior ushers.

Mrs. Sasser chose for her daughter's wedding a two-piece light blue suit with matching accessories. Mrs. Saceman, mother of the bridegroom, wore a two-piece dark blue suit with contrasting accessories. Both mothers wore cattleya orchid corsages.

At the reception in the fellowship hall of the church following the ceremony, Mrs. Paul Rardin was at the head of the receiving line welcoming guests. Mrs. Robert

A message from the Treasury of a free people

How to speak out for freedom today

Free men have never gone in much for silence. Even before the first thirteen States became United States, men were speaking for freedom loud and clear.

Today Americans speak out for freedom many ways—in Congress, in local government, in neighborhood activities. Some speak out for freedom in other languages, in other lands. And millions of Americans speak out for freedom every time they buy U.S. Savings Bonds.

Every Savings Bond you buy is an investment in freedom. While you're saving money for your

own family's future, you're helping Uncle Sam tend to the business of keeping men free today.

Perhaps you don't speak out for freedom in the same tone of voice when you buy a Bond as Patrick Henry did in his famous speech. But you speak every bit as surely. And every bit as proudly.

Why not speak out for freedom now? Buy Bonds at the bank or on the Payroll Savings Plan where you work.

Keep freedom in your future with
U.S. SAVINGS BONDS

Home Feed Plan Is Profitable To State Cattlemen

Florida cattlemen can realize a large increase in profits from an accelerated program of feeding cattle in Florida, according to Marvin Kahn, Treasurer of the Suwannee River Cattle Cooperative.

In a statement issued to members of the cooperative, Kahn explained that people in Florida eat more U. S. Good and U. S. Choice Beef than is produced here, Florida cattlemen enjoy the advantage of \$1.50 to \$2.00 per hundredweight premium over mid-west prices for comparable grade cattle.

"Think of being able to increase the supply of beef produced in this state by five times without appreciably changing the demand. Add to this an average increase of 2200 people per week in Florida and you will see our real potential."

A second factor affecting the economy of feeding cattle in Florida can be seen in more favorable freight rates.

"The previously considered exorbitant freight rates on grain have now been reduced to show a real economic advantage in shipping grain into the state as opposed to shipping beef to Florida. Couple this with our price advantage enjoyed on such secondary feed ingredients as citrus pulp and molasses, and we begin to be able to compete favorably."

"Florida's climate offers another distinct advantage. Experience shows that the rate and cost of grain, feed conversion and many other economic factors are most unfavorably affected by extremes in weather. Florida's climate, of course, is usually mild.

"A fourth factor is that a cooperative program of cattle feeding is a new industry in Florida... one that thinks in terms of volume sufficient to take advantage of the latest concepts and technological advances that an old established cattle feeding industry or small lot operator would find too costly."

Suwannee River Cattle Cooperative has a membership of more than 120 cattlemen all over the state of Florida, including such leaders in the field as Alto Adams, Jr., Fort Pierce and Doyle Carlton, Jr., Waucho. Harlow Land of Mayo, heads the organization which was formed to help cattlemen obtain lower production costs, higher net profits and cooperative financing of cattle and feed.

Heather A. Reed Weds D. L. McCartin

Miss Heather Ann Reed became the bride of Danny Lee McCartin in a candlelight ceremony held in the Episcopal Church of the Holy Nativity Saturday, Nov. 6, at 7 p.m., with Rev. William Pickels, vicar of the church, officiating. The altar was flanked with arrangements of white gladioli, white pompons and heather. The flower accent in a smaller bouquet on the organ was also heather.

The bride is the daughter of Mr. and Mrs. Eugene H. Reed, Sr., 372 Annona Ave., Pahokee. She graduated with honors from Pahokee High School in 1963 and is a member of the Pahokee Phi Gamma Nu Chapter of Beta Sigma Phi Sorority. She is presently employed by Lake Shore Press, Inc., in Pahokee.

The bridegroom, son of Mr. and Mrs. Daniel L. McCartin, 3714 East Main St., Pahokee, is a graduate of Hialeah High School, Class of 1962, and served for three years in the U. S. Army's Air Borne Division with overseas duty at Mainz, Germany. He is presently salesman-distributor for the Glades area of Lance, Inc.

Miss Tammy Branch, organist, played a medley of nuptial selections and the traditional wedding march.

Given in marriage by her father, the bride was lovely in a floor-length gown of peau de soie. The fitted bodice had a scoop neckline and the full skirt was fashioned with a detachable chapel train fastened at the waist with a lace cummerbund. The fingertip veil of French illusion fell from a crown of seed pearls. She carried a cascade bouquet of white carnations and heather.

Mrs. Ernest Pittman, matron of honor, wore a street-length gown of sea green peau de soie, fashioned similarly to that of the bride, with matching pill box hat. She carried a cascade of yellow carnations.

Little Miss Kimberly Garrett as flower girl wore a two-piece white dress featuring a green ribbon, matching that of the matron's gown.

John Henry Little of Belle Glade served as Mr. McCartin's best man. Ernest Pittman and Bobby Joe Haggins were ushers.

Mrs. Reed chose for her daughter's wedding a two-piece beige suit with brown accessories and a corsage of yellow carnations. Mrs. McCartin, mother of the bridegroom, wore a two-piece royal blue suit with matching accessories and a corsage of white carnations.

The reception following the ceremony was at the home of Mrs. Gertrude Williams, 990 East Main St., Pahokee. As at the wedding, heather was the flower featured in the table and room decorations at the reception. Miss Constance Bacon, cousin of the bride, presided at the bride's book. At the table assisting with the serving were Mrs. Ernest Maxwell, Mrs. Collie Holt, and the Misses Sharon and Karen Reed, sisters of the bride.

Following a brief honeymoon on the Florida west coast, Mr. and Mrs. McCartin are now at their home, 1117 N.W. 16th St., Lot 6,
